

A Mediumship Demonstration
Messages from the Other Side

Touching You from the Spirit World with Messages of Love and Comfort

During this enlightening and exciting Demonstration of Mediumship, you will experience Medium Beecham Parker, communicating with loved ones who passed into spirit. Guided by the Grace and Love of Spirit/God, Beecham will deliver specific and meaningful evidential messages from spirit loved ones to a number of people in attendance. You will experience the reality that our spirit loved ones are now free from all earthly ailments and issues and are now alive and well in another dimension, the Spirit World.

- You will learn how the process of Mediumship/Spirit Communication works and hear of ways spirit loved ones have reached out to their loved ones who are still here in the Physical World to let them know that they are alive and well now in the Spirit World.
- You will learn ways that you can become aware of your spirit loved ones around you and the messages that they are sending you.
- You will learn ways that Mediumship is helpful to both us here in the Physical World and our spirit loved ones who now live in the Spirit World.
- You will have the opportunity to ask general questions about the process of Mediumship and experiences with the spirit loved ones.
- You will take home with you the comfort of knowing your loved ones still live and continue to love you and are present in your life.
